★ LEVITATION ★

GRAND FINALE

REQUIREMENTS TO LEVITATE THE BIRTHDAY CHILD

- A FLAT AND LEVEL PERFORMING SURFACE (REMINDER: MANY DRIVEWAYS AND PAVEMENTS ARE NOT BOTH FLAT AND LEVEL. PLEASE TRIPLE CHECK YOU HAVE A SPACE THAT IS FLAT AND LEVEL FOR THE PERFORMING AREA)
- IF YOUR CHILD IS STRUGGLING TO FOLLOW DIRECTIONS THEN IT S IMPORTANT TO HAVE AN ADULT READY TO COME AND ASSIST WITH THE ILLUSION. THE ADULT WOULD BE THERE TO MAKE SURE THE CHILD STAYS IN THE CORRECT POSITION— ON HIS/HER BACK WITH HIS/HER NECK ALL THE WAY BACK.
- THE CHILD S WEIGHT MUST NOT EXCEED 100 POUNDS.
- I SUGGEST THAT YOU DO NOT TELL THE CHILD THAT THEY ARE GOING TO GET TO FLOAT, BECAUSE IF ANY OF THE ABOVE IS NOT POSSIBLE, THEN I WOULD NOT BE ABLE TO PERFORM THE ILLUSION. (I WOULD NOT WANT YOUR CHILD TO BE DISAPPOINTED IF IT CANNOT HAPPEN)
- ALTHOUGH WE MAKE EVERY EFFORT TO POSITIVELY ENCOURAGE YOUR CHILD TO PARTICIPATE, ON THE ODD OCCASION, WE DO GET A BIRTHDAY CHILD WHO IS SCARED OR DOES NOT WANT TO DO THE ILLUSION. IF THIS HAPPENS, WE WOULD SWITCH TO ANOTHER CHILD TO VOLUNTEER. IF THIS HAPPENS, YOUR CHILD WILL STILL BE THE STAR OF THE SHOW , I WILL MAKE IT SEEM AS THOUGH YOUR CHILD IS THE ONE WHO ACTUALLY DID THE MAGIC AND MADE THAT VOLUNTEER FLOAT. THE SPECIAL ATTENTION AND APPLAUSE WOULD STILL BE DIRECTED TO THE BIRTHDAY CHILD.
